Dear Resident/Business Owner,

NOTICE OF RESURFACING WORKS AT: A39 BATH ROAD, FARMBOROUGH

Resurfacing works will take place at the above location(s) from **Monday 23rd November** and are expected to take up to 5 nights to complete, depending on the weather. Work will be carried out under a road closure between 7pm and 7am.

Vehicles parked within the closure may be removed so as not to delay works. The road will be re-opened to traffic at the end of each shift. Residents will need to make their own arrangements to find alternative parking. Unfortunately, this also applies to disabled parking spaces within the area of work, we apologise for any inconvenience this may cause.

Advance notices will be positioned at the entrances of the road to warn drivers of the road closure.

We always try to complete works as quickly as possible, but please be aware the time frame given is a guide and that poor weather or good progress on site may mean the timings can change.

Restricted vehicle access for residents' private frontages within the road closures will be maintained whenever possible and when it is safe and as site operations allow. Access will be controlled by Traffic Marshalls, who'll also give advice on likely access windows as the works progress. Unfortunately, there will be times when access will not be possible, so please be prepared for delays, disruption and make alternative arrangements before these works start.

Please consider providing advance warning to any deliveries or visitors you may expect during this period and suggest they find parking as there will be no access of the site while the closure is in place.

Just so you know:

- Emergency services will always be given access when responding to an emergency.
- Bus operators have been informed and will be re-routing services if needed.
- We are working with our Waste Service Team to try and ensure collections are not disrupted, although regrettably there will be occasions when this is not possible.

Bath and North East Somerset Council are working in partnership with our Contractor Volker Highways, to maintain our highway network.

If you would like any more information, please call Council Connect on 01225 394041. Thank you for your co-operation and patience during these necessary works.
